

# Service+

At Service+ we have been providing high quality reactive, planned preventative maintenance and service solutions to our clients for nearly 40 years that enables them to concentrate on their core business and protect their investments.

## Our Background

Since 1985, TBR has been developing services, building partnerships, and establishing a reputation for providing a quality Service+ that enables our clients to concentrate on their core business.

## How Our Operation Works

At Service+ we offer Annual Service Plans designed and tailored to meet specific client and facility requirements. These plans cover all PPM, legal and mandatory compliance checks to the installed HVAC plant and equipment to ensure continuous efficient operation and minimise disruption. Certification and backup records are also provided.
